

## **SAVE THE DATE:**

# **PROJECT LINKS – LEARNING FROM INNOVATION AND NETWORKING IN STEM BUILDING COMPREHENSIVE PARTNERSHIPS AND ALLIANCES FOR A SUSTAINED CONTINUOUS PROFESSIONAL DEVELOPMENT FOR STEM EDUCATORS**

Tuesday, January 15<sup>th</sup> 2019

11H00-16H30

Lab NAWImix,

Lakeside Science and Technology Park

Building B12 - Entrance B12

9020 Klagenfurt/Wörthersee

With proponents from various European networks present, this event will discuss and debate strategies to enhance and foster comprehensive partnerships and alliances between STEM networks for educators. The national seminar of the project LINKS will take place on Tuesday, January 15<sup>th</sup> 2019 at the NAWImix Lab/ Lakeside Science and Technology Park Klagenfurt, starting at 11.00 am.

### Topics:

- Experiences in implementing effective continuous professional development for STEM teachers in five European countries
- Challenges for STEM educator networks throughout Europe: learning from each other and building partnerships
- IMST social network analysis: building partnerships through networks
- Participatory research as a CPD tool for educators

### Organization:

Univ.-Prof. Dr. Franz Rauch, Alpen-Adria-University Klagenfurt, head of IUS

Dr.<sup>in</sup> Andrea Frantz-Pittner und Dr.<sup>in</sup> Silvia Grabner, directors of Naturerlebnispark Graz

Mag.<sup>a</sup> Doris Arztmann und Mag.<sup>a</sup> Petra Korenjak, Alpen-Adria-University Klagenfurt, Project IMST

RSVP: T: 431/5224000-513, M: [doris.arztmann@aau.at](mailto:doris.arztmann@aau.at)
